

FOOTPRINT FESTIVAL 2019

Footprint Dance Festival is run and organised by second and third year BA (hons) Dance Studies students from the University of Roehampton. This year the festival is led by Juliette Smith and Molly Hayes, alongside a committee of students. The festival, held at the university since 2011, is an exciting week long event showcasing the work of students, Third Row Dance Company, and external artists.

This year Footprint is jam packed full of industry professional workshops, international performances and visiting artists' career talks with varied mixed bills in the evenings – all open to the public.

Footprint Dance Festival 2019 will run from 13th to 17th May 2019!

Wristbands can be purchased for the week for only £5
